To Who it may concern:

I'm writing to recommend Muhammad Ihsan Bin Sudarman for his outstanding performance as a Software Engineer during his time at our company MS Micro. Ihsan spent four years at MS Micro in Singapore. He was hardworking, a fast worker, and good self-learner. He worked well alone as well as with his colleagues.

It was a loss for us when he decided to leave the company, but he left on a good note and had handed over his duties properly. I believe he is ready for bigger challenges in life and in his career, and I wished him all the best.

You may contact me by email or mobile if you have any question about Ihsan.

Sincerely,
